

**THE HAMILTON COUNTY SHERIFF'S OFFICE
CHATTANOOGA TENNESSEE
PRESENTS THIS
CERTIFICATE OF COMMENDATION
TO
SERGIO FLORES
FOR
"SUPERIOR PERFORMANCE OF DUTY"**

On October 04, 2005 Sergio Flores along with Gonzalo Ramirez and Norman Wibbenmeyer with Cornerstone Detention products Inc. arrived to conduct the retro fit project of the locking mechanism in the Hamilton County Jail. The scope of work included the complete dismantling, removal and rebuilding of the operational mechanism and control box for fifty five (55) doors and seven (7) security sliding gates on three (3) floors of the facility. During this renovation project Sergio has exhibited extraordinary diligence and attention to detail. This project has progressed much more rapidly than anticipated due to his dedication and hard work. His ability to remain focused on the job at hand and complete the project on schedule has allowed us to continue facility operation with minimal interruption. We believe this was accomplished because of his outstanding ability and effort. On behalf of the Hamilton County Sheriff's Office Corrections Division, we would like to formally recognize Sergio Flores "Superior Performance of Duty".

Dated this 30th day of March, 2006
