

**THE HAMILTON COUNTY SHERIFF'S OFFICE
CHATTANOOGA TENNESSEE
PRESENTS THIS
CERTIFICATE OF COMMENDATION
TO
NORMAN J. WIBBENMEYER
FOR
"SUPERIOR PERFORMANCE OF DUTY"**

On October 04, 2005 Norman Wibbenmeyer along with Gonzalo Ramirez and Sergio Flores with Cornerstone Detention products Inc. arrived to conduct the retro fit project of the locking mechanism in the Hamilton County Jail. The scope of work included the complete dismantling, removal and rebuilding of the operational mechanism and control box for fifty five (55) doors and seven (7) security sliding gates on three (3) floors of the facility. During this renovation project "Norm" has exhibited extraordinary diligence and leadership in maintaining the work schedule. This project has progressed much more rapidly than anticipated due to his dedication and hard work. His ability to provide us with an accurate project work schedule and communicate changes has allowed us to continue facility operation with minimal interruption. We believe this was accomplished because of his outstanding knowledge and leadership. On behalf of the Hamilton County Sheriff's Office Corrections Division, we would like to formally recognize Norman J. Wibbenmeyer for "Superior Performance of Duty".

Dated this 30th day of March, 2006

Jim Hart, CJM, Chief of Corrections

Lt. Gene Coppinger, CJM, Security Supervisor
