Cornerstone Detention

To Whom It May Concern:

Mr. Mitt Kelley was referred to the Russell County Sheriff's Department (Prentiss L. Griffith Detention Facility) on October 24, 2007 to repair a sliding door. I had the opportunity to work with Mr. Kelley, as well as observe his work habits. He was punctual and worked robustly to repair the door in a timely manner. The amount charged for his services was reasonable and his performance reflected his content knowledge and competence in his work ability.

I was satisfied with his work ethics and will definitely call Mr. Kelley for future repairs as well as recommend him to others.

Sincerely,

A handwritten signature in cursive script that reads "Richard McKinney".
