Mr. Lee Dennis,

On behalf of the Rutherford County Sheriffs Deparment, I would like to express my appreciation of a job well done by Cornerstone Detention Products. When we converted one of our holding cells to a padded safety cell, Cornerstone helped with the project from start to finish. The technicians were very professional and well organized. They communicated daily to my staff as to progress of the project, and needs for the next day so as not to disrupt our daily operation. The technicians worked well with our staff and completed the project in a timely basis. Again, I would like to thank Cornerstone Detention Products, and would recommend them to other facilities that may need work done in the future.
